Prof. Vladimir G. Gusakov
Chairman of Presidium
National Academy of Sciences of Belarus,
Member of Government of the Republic of Belarus

Your Excellency,

It is with great pleasure that I acknowledge the receipt of your message dated May 26, 2020.

I sincerely thank you for your congratulations on the occasion of commencing my term as the Minister of Science and Technology of Israel. I am also thankful that this position opens for me and the country at large new horizons considering my career in the high-tech industry of Israel.

My Ministry, and I personally, greatly value the scientific cooperation between both our countries and we look forward to expanding that dialogue.

I appreciate and accept your offer to visit your country. I certainly intend to meet you and your personnel at an appropriate time after the current pandemic is over. Let me reciprocate and invite you and your team to visit Israel and meet in my office in Jerusalem.

I instructed my Chief Scientist to be in touch with you and to discuss our common scientific interests.

Looking forward to an expanding scientific dialogue,

Izhar shay
