Proposal to JFC-UIA for use of a donation (Schedule 1)

- All proposals must be submitted in English
- All proposals must be submitted in Word format
- All proposals must be submitted according to the form below.
- Answers to the questions on the form may not exceed the assigned text box space for reply.
- Proposals that will not be submitted in this format will not be processed.

Name of Organization: Har VaGai Regional High School

Project Name: Computerized Pedagogy.

Project Number: 17-296, 17-307

1. **For Organizations working with JFC-UIA for the first time:** Briefly describe the organization that will be operating the program.

Har VaGai Regional High School is a six year school with an intake of pupils from 54 different settlements in the Upper Galilee & The Golan Heights. The school acts in order to strengthen the pupil's involvement in their surroundings, and advances the connection of both its pupils & teaches to the Jewish People and the State of Israel.

2. **Need/Program Purpose:** Describe the purpose of the program /the need it comes to address.

The school's vision in the field of the computerization program comes to prepare the pupils of today for the world of tomorrow, and to provide them with advanced technological tools, an innovative learning environment, and advanced teaching methods. In order to complete the process, the school needs another 20 (twenty) laptop computers.

3. **Which of UIA's charitable purposes does the project best fit?** (See attached list of charitable purposes). **How does the project further the charitable purpose chosen?**

The project best fits UIA's **number 3** charitable purpose. The project further the number 3 charitable purpose by advancing education and by addressing Jewish values, Jewish identity, studies of Israel and Zionism at the use of the 21'st century methods and tools, such as the use of computers in class.

4. **Program components:** Describe the program's components, including:

- Geographical location (where does the program take place). Please specify city.

Har VaGai Regional High School
Kibbutz Dafna, Upper Galilee, 12235

- Type of activity (what activities does the program include – for example: classes/therapy sessions/food distribution/construction/renovation/purchase of equipment/scholarships etc.)
Please specify numbers and scope of activity such as: frequency (how often does the activity take place), quantity (how many pieces of equipment/food packages/etc. are purchased), duration (how long is each activity session), etc.

The program include the activity of studying in a computerized classroom. The activity in such classes based on the most innovative educational methods and on the curriculums suitable for the modern educational needs. The activity in the computerized classroom lasts throughout the entire school day on a daily basis of a 6-8 45 minutes sessions each. Program will best be complete with the purchase of some 20 more mobile computers.

- Number of participants (if the program is purchase of equipment: number of potential beneficiaries from the equipment purchased)

1000 pupils and teachers

- Type of participants (age, socio economic status, etc.)

Pupils at the ages of 12-18 years old. The pupils are from the Kibbutzim, towns & villages of the area, coming from 54 different settlements in the Upper Galilee & The Golan Heights.

- Criteria for participation in the program + How are participants referred to the program?

All students from the Har VaGai school.

5. **Budget:** Please detail the total program budget in CAD or USD and NIS. Please highlight the budget items that will be funded by this donation. **Please note that reporting for the program must match the budget. In addition, expenses covered by JFC-UIA donation may only include expenses made after the date of the JFC-UIA committee approval.**

In the details column please include the following information in free text:

- For personnel: for each staff person detail job title, scope of position (full time/part time), cost
- For activities: quantify the scope of activity including frequency and number of participants
- For equipment: detail what is planned to be purchased and quantities
- For operations: detail what type of expenses are included in this section

Budget Item	Details	Cost in CAD/USD	JFC-UIA Participation in CAD/USD	Cost in NIS	JFC-UIA Participation in NIS
Computers	20 items	23,000	23,000 CAD	65,090	65,090
Total					

6. **Funding Partners:** Please detail all additional funders of this program and the scope of their support.

7. Timeline:

Program start date: 8/2017

Program end date: 11/2017

8. Reporting and Reimbursement: In order to receive the donation in two payments, JFC-UIA must receive an interim report and a final report about the project (financial and programmatic). If you prefer to receive the donation in one payment, then only a final report is required. **Reimbursement by JFC-UIA is subject to receipt of the money from the Donor as well as the aforementioned reports.** Detailed reporting guidelines will be sent after the Committee has approved the proposal.

Estimated date of interim report: _____

Estimated date of final report: _____

Please note, a final report regarding the program must be submitted no later than 90 days after the program end date. If a report is not submitted within 90 days of program end date, the funds will be returned to Canada.
